Peace of mind: Expert care when you need it most

How does it work?

Our service is designed to integrate with school's current systems, with the pupil at the centre of their care.

Facilitated by the Return2Play Injury Management System which integrates with other school systems to keep your admin low.

Injury

Patient gets a head injury or suspected concussion. Injury will also appear on SOCS.

Log

School records the injury on the R2P System and automated notifications are sent to all stakeholders.*

Book

Parent/school staff book an online appointment with our medical team.

Appointment

Pupil attends the appointment with parent/school staff: Updates are sent to stakeholders. Medical notes are uploaded.

Clearance

Pupil can have as many follow-up appointments as needed before being cleared as fit to return to sport. Injury will be removed from SOCS.

Physiotherapy Service

Physiotherapy services designed specifically for schools, integrating seamlessly into school life and providing your pupils with access to elite physiotherapists who have specific experience in adolescent health and the school environment.

Our dual-clinic approach, integrates directly with your school's medical setup to provide the right level of care at the right time.

Rapid Access Clinics offer triage-style assessment and management of acute injuries, providing immediate diagnosis and treatment when pupils need it most.

Private Clinics deliver comprehensive care for longer-term injuries, including pre- and post-operative rehabilitation through individual and group sessions tailored to each pupil's needs.

Sports Doctors

Our Sports Doctors specialise in the diagnosis and management of complex injuries. Our services include:

Weekly Sports Doctor Clinics in-school.

Consistency & continuity of care.

A doctor to lead the sports injury multidisciplinary team, and act as the main point of contact for the medical team.

Manage the referral process and imaging referrals.

Match Day Doctors

A professional match day doctor to oversee fixtures and elevate your match day provision.

Enhanced Immediate on-site assessment & treatment of injuries.

A doctor to lead the match-day medical team, collaborating with school nurses, physiotherapists, and external medical providers.

Review match-day provision and advise on staffing & medical logistics.

School Doctors

Our School Doctor Service enhances existing provisions by offering expert medical care through bespoke clinics that cater to your school's specific needs.

Medical Care

Our hand-picked GPs don't just bring clinical excellence – they bring deep, practical understanding of school medicine and wider school life. Running dedicated clinics directly at your school, our doctors integrate seamlessly into your community, delivering expert care that goes far beyond traditional medical appointments.

Health & Wellbeing

Wellbeing expertise to the entire school community. Our doctors take an active role in PHSEE & RSE and will help to improve and deliver your curriculum. We also look after areas like mental health, diet, sleep, and self-harm.

NHS Partnership

By partnering with our chosen NHS GP practice partner, we ensure pupil's continuity of care and access to NHS care outside of school clinic hours and term times. Pairing NHS provision with our dedication to going above and beyond ensures your pupils receive the very best care.

What do our Partners say about us?

CRANLEIGH

"Meliora Medical have been excellent for us here at Cranleigh School. It has helped developed the link between our medical centre, coaches, staff, physio's and our strength and conditioning department. Our medical practice was excellent before using them but now I truly believe that by incorporating them, it has meant that all our pupils across all our sports are provided the very best medical care possible."

Director of Sport, Cranleigh School

"Partnering with Meliora Medical and their sports medicine service provides us with a peace of mind that our students injuries are being managed by leading experts in their field. It has helped to streamline the work that we do in school, ensuring that access to specialists is timely. The sports medicine doctors have integrated seamlessly into our team."

RUGBY SCHOOL

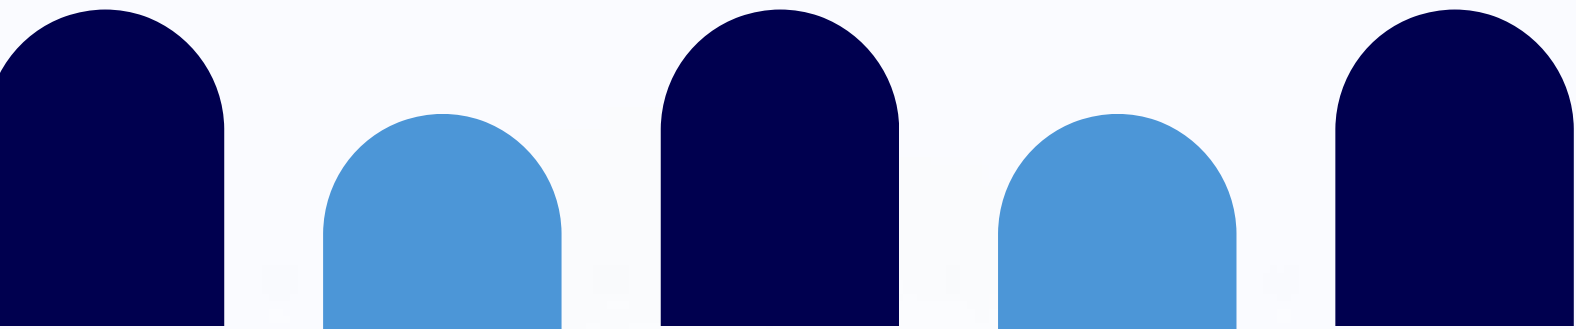

Deputy Head (Co-Curricular), Rugby School

HARROW
SCHOOL

"It begins, of course, with peerless medical up-to-date competence and then extends way beyond into matchless communications across the school, deep pastoral instincts for the boys and collaborative approaches with parents - hand on heart, I cannot conceive of how Meliora could be better."

Headmaster, Harrow School
